### LOT 2636

Estimate: £60 - £100

### Condition Report

2636. The corner of the alabaster base section appears to have a small chip/crack. Otherwise the figure only has some minor surface scuffs and scratches, as well as some slight surface discolouration. There does not appear to be any other chips or cracks. Worth noting that her hair has some remnants of gilding around her plait. The figure's base is inset in to the wooden base and would probably need carefully chipping away if the lamp was to be removed.
