LOT 518

A gold, sapphire and seed pearl pendant, circa 1910, in a pierced drop shaped design, collet set with an oval cut sapphire to the centre and a pear shaped sapphire to the drop, otherwise set with seed pearls, detailed '9ct', length 5cm.

Estimate: £80 - £120

Condition Report

518. The sapphire to the centre of the pendant has a diagonal internal inclusion and otherwise has some evidence of colour saturation zoning. The sapphire to the drop also exhibits colour saturation zoning. The seed pearls are in good condition for their age. The suspension loop at the top is probably a later replacement. The original suspension loop was probably seed pearl set. Weight 2.6g.
