Henri de Toulouse-Lautrec - 'Ambassadeurs: Aristide Bruant' colour lithograph, 90cm x 60.5cm, within a stained wood frame.

Estimate: £100 - £150

Condition Report

103. Light creasing throughout as if rolled for a period. These run horizontally and five are slightly heavier. Most prominent are the creases running through the red scarf. Colours seem ok, but it might be slightly faded. Minor age toning to paper. Modern frame in very good condition. Unexamined out of the frame, but does not appear to be laid down.
