

Arts and Crafts Metalwork and Applied Art / Thu, 5th November 2020 / Lot 2569

LOT 2569

A 20th century Arts and Crafts patinated copper charger, worked with a central tree of life with serpent and sun beyond, the raised border with a band of trailing leaves, diameter 49cm.

Estimate: £150 - £200

Condition Report

2569. The overall condition is good, but we would note that this charger seems to be a later 'out of period' piece, with much of the patina added to give it an aged look.
