LOT 2125

An 18th century French provincial fruitwood farmhouse table, the three-plank top above a single frieze drawer, on chamfered block legs, height 71cm, length 137cm, depth 73cm.

Estimate: £200 - £300

Condition Report

2125. The table has had overall historic woodworm with deterioration to the bases of the legs and stretchers. The plank top has some old filler to the gaps. Overall a little bit worse for wear, but as a rustic piece it looks ok.
