### Condition Report

Limoges boxes - each in good condition overall with no cracks, chips or restoration. The gilding and enamels are good. The gilt metal mount on the oval example has come unstuck but it is a simple case of reattaching it.

Glass boxes - the gilt metal mounted cranberry example is missing its original knob and has a paste replacement which aesthetically is too small. The other cranberry example has a couple of tiny nicks to the rim edges, otherwise all the glass boxes are in good condition.
