LOT 1752

A Baccarat glass spaced millefiori paperweight, dated 1848, set with a variety of canes, including Gridel silhouettes, on an upset muslin ground, signed with a signature cane, diameter approx 6.8cm.

Estimate: £700 - £1,000

Condition Report

The dome of the weight sits incredibly close to the canes which would suggest it has been reduced in some way probably to remove damage - this would account for how 'clean' the weight is with no signs of any surface wear over the dome with only one noticeable minor scratch. A small internal flaw or bruise is just about visible to the side of the paperweight, and there are some typical minor manufacturers blemishes/bubbles amidst the canes and dome.
