

Glassware / Thu, 19th November 2020 / Lot 1738

LOT 1738

Four Richardson's Patent glass spirit measures, circa 1870-75, comprising three 1/4 Gill and one 1/2 Gill, each with stamped lead seal to the neck, height of tallest 12cm, together with three other similar spirit measures.

Estimate: £50 - £80

Condition Report

Please note there are only FOUR Richardson's spirit measures in the lot - not five as originally catalogued.

Half Gill measure - good condition overall, minute nick to edge of foot, typical surface scratches.

Quarter Gills - one generally good with minor surface scratches, one good with very minor nick to one facet edge and typical surface scratches, other with possibly polished rim otherwise good with minor surface wear to facet edges and surface scratches.

Other 3 measures;

Tallest - minute nick to footrim and 2 similar to top rim edge, inconsequential, in good condition overall.

Middle size - a lot of nicks to facet edges.

Smallest - in good condition.
