

Jewellery / Wed, 25th November 2020 / Lot 513

### LOT 513

A gold, diamond and green paste cluster ring, the central green paste mounted within a surround of cushion cut diamonds and an outer border of green gems, weight 4.3g, ring size approx O, with a case.

Estimate: £100 - £150

---

### Condition Report

513. Central green paste is severely chipped. Slight variation of cut to the surrounding diamonds, one or two have internal inclusions, some of which break the surface faceting of the diamonds, one or two tiny chips. One surrounding green gem lacking, some surface damage to most of the other surrounding green gems, some of these may have been replaced in the past. Overall the ring is rather worn.
