LOT 518

A gold and seed pearl pendant necklace in an openwork design with a floral and foliate spray motif, length 6cm, on an oval link neckchain with a cylindrical snap clasp, length 42cm, total weight 6.4g.

Estimate: £120 - £180

Condition Report

518. Some lead solder at two points on the back where possibly a brooch pin was fitted, further lead solder at the back probably dripped by accident from the soldering iron, front of piece is generally in good condition, slight discolouration to seed pearls. Once tidied up would be an attractive piece.
