LOT 616

An 18ct two colour gold and diamond bracelet, formed as sections of three diamond set links in 18ct white gold, alternating with 18ct yellow gold divisions, on a snap clasp, import mark Sheffield 1994, weight 18.4g, length 18.5cm.

Estimate: £700 - £1,000

Condition Report

616. The diamonds slightly draw colour but look to be fairly clear stones and appear bright white and sparkly. The links are slightly worn, but otherwise in generally good condition. Difficult to measure diamonds due to the setting, but would suggest a total diamond carat weight of 2.7ct-2.9ct. Unfortunately, due to the lockdown our grader was unable to view the jewellery for this sale.
