LOT 695

A Victorian gold and enamel oval mourning locket, the hinged front with a black enameled crucifix, surmounted with a suspension loop, weight 6.3g, length including suspension loop 3.5cm.

Estimate: £120 - £180

Condition Report

No hallmarks. Although not tested by us it would appear to be high grade, eg, 15 or 18ct - a good rich colour and feels nice in the hand.

Enamelled cross has one or two tiny surface marks, including one principal scratch towards the centre. Back of locket has dent towards bottom.

Overall in good condition.
