

Jewellery / Wed, 25th November 2020 / Lot 633

### LOT 633

A pair of diamond cluster earrings, each claw set with the principal circular cut diamond within a surround of smaller circular cut diamonds, unmarked, each butterfly fitting detailed 'Pt950', total weight 4.8g, diameter of each 1cm, with a case.

Estimate: £2,000 - £3,000

---

### Condition Report

The diamonds are attractive white stones, one central diamond has a few pique inclusions which are not surface reaching, the other principal diamond has an internal grey gletz inclusion which is not surface reaching and also another but smaller gletz inclusion. The surrounding diamonds also have one or two internal inclusions. General condition is good.
