LOT 641

A single row necklace of thirty-three uniform oval mottled butterscotch coloured opaque amber beads with two smaller amber beads, total weight 67.9g, total length 55cm, length of each uniform bead 1.6cm, length of smaller bead 1cm.

Estimate: £450 - £550

Condition Report

The beads have a matted appearance being the result of loss of polish through wear. Some have chips to the drill holes, but overall condition is generally good. Apart from the two small added beads they are quite well matched.
