LOT 1280

A Chinese blue and white export porcelain soup tureen and cover, Qianlong period, the top and sides painted with coastal landscapes, all beneath a pomegranate finial, height 22.5cm, length 33cm.

Estimate: £150 - £250

Condition Report

Generally in good condition, the pomegranate finial has a couple of chips to the leaves and a tiny chip to its tip. The underside of the cover displays a 3.5cm by 1.5cm starcrack but this is not obviously noticeable from the top. The tureen body is in good condition overall with no cracks, chips or restoration. The cover and base are a good natural fit and match, but it is likely that they are a marriage.
