LOT 650

An 18ct white gold, sapphire and diamond ring, claw set with four pairs of marquis cut sapphires alternating with three circular cut diamonds, weight 2.2g, ring size approx L.

Estimate: £120 - £160

Condition Report

650. The central eight cut diamond has a piqué inclusion and a surface reaching inclusion towards the edge of the table facet, the sapphires are of medium to dark colour saturation, slight surface wear to some sapphires to the table facet edges, one sapphire at one end has a little more edge damage than the others. Some evidence of reconstruction/repair to the sides of the ring mount, probably as a result of wear against other rings. Length of top of ring 1.7cms. Diamond weight approx 0.03cts each stone. Suggested age, 1970s/80s.
