LOT 673

A Victorian gold, garnet and half-pearl set ring, weight 1.6g, ring size approx K, and a collar necklace made from European silver coins, weight 55.8g, length 37cm.

Estimate: £60 - £90

Condition Report

673. Ring – the garnet has some surface wear/scratches to the table facet and a few other nicks to the surface. The half-pearls have been re-glued into position in the past. The ring has probably been resized in the past, top of ring shows signs of wear /repair and some staining to the gold when viewed from one side.

Necklace – each coin has had a suspension loop soldered to four positions of its edge, coins are in varying condition as a result of prior circulation and the clasp is working properly.
