

Clocks and Barometers / Thu, 21st January 2021 / Lot 1173

LOT 1173

A George III oak longcase clock with eight day movement striking on a bell, the 13-inch painted break arch dial with subsidiary seconds and date dials and inscribed 'Ninian Davidson, Dunse', the hood with swan neck pediment, glazed door and fluted columns, the trunk door flanked by fluted corner columns, on a plain base and plinth, height 207cm, with pendulum and two weights.

Estimate: £100 - £200

Condition Report

1173. It is difficult to be certain whether case and movement started life together as there is no cheek packing and hood and dial fit well. The seatboard looks original, but is broken. The dial is badly crazed and worn with some discolouration. The clock is in pretty poor condition with splits to base, missing fretwork to pediment, two sections of backboard to base missing and signs of old woodworm visible to back.
