LOT 1130

An early 20th century mahogany mantel clock with eight day movement striking on a gong, the silvered dial with Arabic hours, the dome top case with bracket feet, height 27.5cm, with pendulum, together with a similar lancet shaped mantel clock, the case with glazed lenticle, height 31cm, with pendulum.

Estimate: £70 - £100

Condition Report

1130. Both cases and dials in generally good order with only typical light surface scratches and wear. The clock with glazed front lenticle does wind but does not run for very long. Strike mechanism is working. The other clock winds smoothly and runs and strike mechanism also working but please be aware we give no guarantees to working order or reliability of any clock or watch.
