### LOT 2070

A 19th century mahogany apothecary's bank of forty drawers, most of the drawer fronts with applied glass plaques detailed in black, height 74cm, width 173cm, depth 32cm (faults).

Estimate: £300 - £500

---

### Condition Report

2070. As usual with a piece that would have originally been built-in, the sides are unfinished and just has the carcass pine showing. The handles are a mixed assortment of cut and moulded glass and are all in reasonable condition. There are fifteen of the glass name plates missing to the drawer fronts and some of the remaining plates are damaged, with substantial loss to the naming. All drawers are working fine and there are overall scuffs and marks to the chest.
