LOT 83

Terence Loudon - Still Lifes with Flowers in Vases, a pair of mid-20th century oils on canvas, both signed, 59cm x 50cm, within gilt composition frames.

Estimate: £400 - £600

Condition Report

Both in original condition. Heavy blooming to surface, either from damp or an old varnish. Some other surface dirt. Difficult to see through this to determine other faults or restoration, but they seem okay. Frames are heavily soiled and both have some scuffs and minor chips. One has more severe damage to the bottom left corner.
