LOT 92

Estimate: £300 - £500

Condition Report

Garve Hessenberg label to the reverse. Restored to a fairly bright but presentable finish. Previous cleans have left the paint a little thin. Considerable touches of overpainting throughout. Varnish is quite thickly applied. Two heavy surface scratches with associated loss of paint, one to the veil by the neck, the other to the right of this. Frame has some repairs and has been varnished at some point, this varnish has separated now.
