

British and Continental Ceramics / Tuesday, 16th March 2021 / Lot 1412

### LOT 1412

Two Staffordshire models of Dalmatians, late 19th century, each on a naturalistic oval base, height 15.5cm (faults and restoration).

Estimate: £50 - £80

---

### Condition Report

1412. Both with overall typical fine crazing to glaze.

Light green base - starcrack to front edge of base just above yellow edge, one branch of starcrack runs approx 8cm along front edge of base to underside. Haircracks around both front ankles, one with associated minor nick. Tail totally restored with later overall craquelure.

Dark green base - Tail totally restored.
