

Collectors' Items, Works of Art and Light Fittings / Thursday, 18th March 2021 / Lot 2584

LOT 2584

An early/mid-20th century French tole painted six-light chandelier, height 60cm, width 66cm (lacking lower central cap).

Estimate: £60 - £100

Condition Report

2584. The individual elements of the chandelier are ok with just some light surface wear and some very light surface rust. However, there should be a cap attached at the bottom to cover the electric wires and basically hold the branch section firmly in place, but this is missing leaving the branch section attached loosely on the central stem.
