LOT 2570

A large Indian carved wooden sectional model of a standing goat, height 83cm, length 90cm (some repairs).

Estimate: £200 - £300

Condition Report

2570. Repairs and filler mainly to top of head and horn joints, a few other chips. Tail present, it looks a bit short but does not look like it is missing anything. Appears to be made from something resembling walnut, or possibly an Indian hardwood. Weight approx 15kg.
