LOT 2577

A George III mahogany tea caddy, the hinged lid inlaid with an oval panel of sinuous foliage, the front and sides with fan paterae and star motifs, all within crossbanded and chequered borders, width 24.5cm (some restoration to interior).

Estimate: £60 - £100

Condition Report

2577. The exterior has a few sections of veneered crossbanded border, which has been done well, also just some very minor surface cracks and a slight warping to the lid. The two sliding lid canisters to the interior seem original, but the central lid does not seem quite right, having an oversized handle and not fitting very well.
