

Furniture / Thursday, 29th April 2021 / Lot 2123

LOT 2123

A George III mahogany 'D' end extending dining table, the top with two extra leaves, the frieze with boxwood and ebony stringing, height 75cm, extended length 278cm, depth 117cm (alterations).

Estimate: £80 - £120

Condition Report

2123. The table is in generally ok condition, but has had some changes made over the years from its original form. It has been fitted with later sliding rails, which make it more stable and the two leaves both have old hinge marks, having probably been drop-flap originally. One of the leaves has a crack to one edge and both leaves are slightly warped. There are some overall minor scuffs and marks, as well as a few repairs to veneer on edge of frieze. The clips are present.
