

Clocks and Barometers / Wednesday, 28th April 2021 / Lot 1099

### LOT 1099

A late 19th century walnut Vienna style wall clock with eight day movement striking on a gong, the two piece enamel dial with black Roman hour numerals, the case with arched surmount above a glazed door with fluted columns and tapered apron, height 127cm, with pendulum and two weights.

Estimate: £120 - £180

### Condition Report

1099. Generally good condition, if a bit dusty and dirty, would benefit from a clean. Case with a few typical scuffs and scratches. Glass panels in good order. Missing turned finial which would attach to bottom of apron. Dial in good order. Two weights and pendulum present. Would probably require a clean/overhaul to return to full reliable working order, but there are not obvious reasons why it should not then run, but please be aware we give no guarantees to working order or reliability of any clock or watch.
