### LOT 516

A single row bracelet of twelve disc shaped vari-coloured mottled opaque honey coloured amber and reconstituted amber beads, alternating with twelve cylindrical translucent amber beads, gross weight 45.7g, length 21cm, diameter of disc shaped beads 1.7cm, diameter of cylindrical beads 1.8cm, together with a single row necklace of eleven graduated faceted oval translucent reconstituted amber beads, alternating with small matching faceted square and spherical amber beads, gross weight 39.9g, length 60cm, length of largest faceted oval bead 3cm, length of smallest faceted oval bead 2.5cm.

Estimate: £50 - £100

---

### Condition Report

516. Bracelet – the sides of the disc shaped beads are not polished and are rather crudely cut resulting in chipping to the edges. Necklace – in overall good condition. Both pieces are fairly modern.
