LOT 654

A single row necklace of thirty-four graduated oval slightly vari-coloured butterscotch coloured semi-translucent and opaque amber beads, total weight 53.3g, length 55.5cm, length of largest bead 2.3cm, length of smallest bead 1.2cm.

Estimate: £200 - £400

Condition Report

654. One or two chips to some drill holes on some amber beads, but generally fair condition. They would benefit from re-stringing with individual knots so that the beads do not rub together. At least two amber beads have surface damage, one of which has interior cracking resulting in a surface chip.
