

Jewellery / Wednesday, 12th May 2021 / Lot 762

### LOT 762

An 18ct gold, sapphire and diamond five stone ring, mounted with three cushion cut sapphires alternating with two cushion cut diamonds, the mount decorated with scroll pierced sides, Chester 1913, weight 3.8g, ring size approx P1/2, with a case.

Estimate: £200 - £300

---

### Condition Report

762. Some variation of colour to the sapphires. The central sapphire has some windowing resulting in clearer patches. The two diamonds are attractive white stones but both have a few internal inclusions. The claws are starting the wear. Some claws would benefit from re-tipping. Note sprung sizing band, detailed '9ct' to the shank of the ring.
