LOT 2004

A George III mahogany oval coopered wine cooler, brass bound and with lion's mask handles, on square tapering legs terminating in brass caps and castors, height 50cm, width 62cm, depth 44cm (alterations).

Estimate: £150 - £250

Condition Report

2004. Some wear and deterioration to the lead lining and a series of sticky tape sections applied to the rim, which presumably would have held a later internal lining in place. The base appears to be of a slightly later date, as the surface polish seems to be a bit lighter than the top, but this is still of considerable age and seems to have been made for it. There are a few thin surface cracks to the veneered edge and the castors are getting a little loose, otherwise just some scattered woodworm holes to underside.
