## Condition Report

1152. Fan with shield panel - all sticks are present with the figural image linked up from stick to stick. Difficult to be certain of all the condition as it is displayed in a closed glazed case, however it looks in generally good order with no significant damage or repairs. Some glue residue visible around the ribbon and some minor loss to piercing.

Other fan - all sticks appear to be present with the figural scenes appearing continuous. Again, displayed within a glazed case. One guard has a hole at its top, otherwise looks to be in generally good order with no significant damage, minor losses to piercing.
