Condition Report

7. Cleaned and restored. Some overpainting throughout. UV examination highlights overpainting to both cheeks, a large area to the right of the head, to the top edge and the jacket, as well as other smaller areas. Paint is a little 'thin' in places due to previous cleans. A few minor spots of staining. Modern frame in ok condition, but with some stress cracks to the composition and a small repair to the top right cresting and minor scuffs to extremities.
