### LOT 37

### Condition Report

37. In very good original condition. Some bare canvas to the top left but this appears intentional and original. U.V. examination does highlight the grey cloud on the top right a little but this could just be as it is darker paint, no signs of a patch or anything to the reverse that suggests restoration. Old varnish has started to yellow and discolour and generally the work would benefit from a clean at some stage. Frame is in good condition with minor scuffs to extremities.
