

Collectors' Items, Works of Art and Light Fittings / Thursday, 24th June 2021 / Lot 2733

LOT 2733

A late Victorian vaseline glass table oil lamp with Hinks & Sons Patent brass fittings, fitted with a matching vaseline glass shade, height 37cm.

Estimate: £80 - £120

Condition Report

2733. The underside of the base has a small manufacturing indentation to edges and a few very minor surface scratches but otherwise both shade and base appear to be in good order and just in need of a clean. The winders are currently not moving the cord wick but it appears this is only because they are a bit stuck. Once replaced the winders should work, as they do turn.
