

Furniture / Thursday, 24th June 2021 / Lot 2161

LOT 2161

A set of eight George III mahogany rail back dining chairs, comprising one elbow and seven standards, the drop-in seats upholstered in blue damask, on square tapering legs.

Estimate: £250 - £350

Condition Report

2161. Height of seat - 47cm

Height of backs - 88cm

The chairs have undergone an overall professional restoration probably within the last 20-30 years, with most leg joints having been re-pegged and made solid. There are a few front legs that have been replaced but not noticeable without close inspection. There are a few small cracks to joints but the chairs all seem fairly solid. There are a few minor stains to seats but also quite clean.
