

Furniture / Thursday, 24th June 2021 / Lot 2166

## LOT 2166

An 18th century and later oak demi-lune credence table, the hinged top revealing a well and with single fall-flap, on turned and block legs, height 72cm, width 77cm, depth 76cm (alterations).

Estimate: £80 - £120

---

## Condition Report

2166. At least one of the curved stretchers on the front appears to be replaced, but the majority of the other elements seem original. The top has had some repairs to its timber joints, the lock is missing and the hinges may have been changed. The three rear feet should have had a curved front at their bases but these have been lost.
