## Condition Report

2145. Overall fairly typical scuffs, marks and bumps, with some scrapes and scuffs to leather. There is a crack across the edge of one side of the top and two other hairline cracks to veneer. A few of the drawers have cracks running across the fronts, and the majority have some drying out cracks to the interior base panels of the drawers. All locks look original and are present. One of the panel doors has a thin vertical crack through the panel. Some of the handles are replaced, but only noticeable on close inspection.
