### Condition Report

Relined, cleaned and restored. UV examination highlights a few small areas of overpainting, to the sky and path leading to the gate, as well as touches elsewhere, particularly around the edge of the relined canvas. Generally the restoration has been carried out to a good standard and appears relatively recently done, however the area of overpainting to the pathway is not quite to the same standard as restorations elsewhere. Some minor craquelure, mostly to the right hand side and across the middle of the canvas, but paint appears stable. The varnish is starting to discolour but wouldn't warrant cleaning. Modern frame in good condition with minor scuffs and scratches to extremities.
