Estimate: £300 - £500

Condition Report

Considerable surface dirt throughout. Noticeable area of filling and overpainting above the sitter's head. UV examination does not highlight much due to the layers of dirt but it is likely to have some touches of overpainting elsewhere. Some protrusions to canvas along the bottom edge. The canvas is a little slack on the stretcher and stretcher lines are showing through. Varnish has discoloured and dulled inconsistently. Frame with loss to top section and other damage elsewhere, frame also has several stress cracks and has been repainted 'gilt'.
