LOT 310

A pair of Arts and Crafts style silver candlesticks, each with flared cylindrical nozzle and circular drip pan, on a square tapered stem and square base with rivet effect decoration, Sheffield 1905 by Stephenson & Sons, height 30.5cm.

Estimate: £300 - £500

Condition Report

310. Both candlesticks in generally good condition, with no significant damage or repairs. Both hallmarks are rubbed, but still readable and both with part mark to sconce. Sconce and drip pan are integral with no detachable parts. Minor misshaping to rims of sconces and drip pans. Stems in good condition. Bases with few minor dents and typical surface wear particularly to the high pints with a few of the simulated rivets on both worn to small holes. One base does not sit perfectly flat as the weighting to the base has pushed out slightly.
