---

## Condition Report

646. Black onyx pendant fob charm | the top is slightly dent over, some rubbing to the high points, otherwise fairly good condition. Moulded paste intaglio seal | has a few scratches along the top edge, it does not sit particular well within its setting and may be a replacement paste intaglio. The mount otherwise in fairly good condition.

Chalcedony seal | the intaglio is in good condition. The mount has slight rubbing to the high points.

Watch key | seal has two tiny chips to the edge, the mount is generally a bit worn. The steel end of the watch key is missing.

Running hare | the eye gems are lacking. It is of loaded hollow construction and is perforated in places.
