LOT 710

A gold ring, claw set with a cushion cut sapphire, unmarked, weight 3.5g, ring size approx H1/2.

Estimate: £400 - £600

Condition Report

710. The ring is fairly dirty and would benefit from a professional clean. The sapphire is of medium to dark colour saturation and appears to be a fairly clear stone. There is some heavy wear to the facet edges, particularly to the table facet edges, as well as scratching to the facets, with a few tiny nicks. The claws are in generally good condition. The shank has typical surface scratching. Otherwise the ring is in generally good condition.
