

Jewellery / Wednesday, 30th June 2021 / Lot 506

LOT 506

A gold ring, mounted with a square step cut synthetic sapphire between two eight cut diamonds, detailed '18ct Plat', weight 2.4g, ring size approx L1/2.

Estimate: £100 - £150

Condition Report

506. The sapphire is of medium to dark colour saturation, but an attractive blue. The sapphire has a few nibbles and wear to the facet edges, particularly to the corners. One claw securing the sapphire has wear and requires re-tipping.

The diamonds have one or two internal inclusions, noticeable under magnification. One diamond has a small chip to the girdle.

Some minor wear to the shank, a potential solder repair to the shoulder.

Otherwise the ring is in generally good condition.
