

Jewellery / Wednesday, 30th June 2021 / Lot 790

LOT 790

A gold, rose cut diamond and synthetic sapphire oval cluster ring, detailed '18ct', weight 3.4g, ring size approx N1/2, with a case.

Estimate: £150 - £200

Condition Report

790. Synthetic sapphire is of medium to dark colour saturation with heavy wear to the table facet edges. Length 6mm, width 5mm. Some variation of cut to the diamonds, one or two with internal fractures, a couple with small chips to facet edges. Diameters less than 2mm. Ring would benefit from a professional clean. Claws showing signs of wear. Ring otherwise generally in good condition.
