

Jewellery / Wednesday, 30th June 2021 / Lot 661

### LOT 661

An 18ct gold and diamond nine stone cluster ring, claw set with the principal circular cut diamond mounted to the centre, London 1978, weight 4g, ring size approx N1/2, with a case.

Estimate: £300 - £400

---

### Condition Report

661. Central diamond - diameter approx 3.5mm.

The ring is dirty and would benefit from a professional clean.

There is an internal inclusion, noticeable without magnification, under the table facet of the centre diamond.

It otherwise appears to be a fairly clear stone.

One or two of the surrounding diamonds have one or two small nicks to their girdles.

The ring shank and claws are in generally good condition.
