LOT 2191

A set of eight George III mahogany rail back dining chairs, comprising one elbow and seven standards, the drop-in seats upholstered in blue damask, on square tapering legs.

Estimate: £150 - £250

Condition Report

2191. The chairs have undergone a level of restoration over the years, having had some repairs to leg joints, some old woodworm to seat rails, and some repaired cracks to legs. They all have overall surface scuffs, marks and wear, but generally are quite sound and have genuine old patina. The fabric on the carver seat is a bit stained, but the rest of the seats are quite clean.
