LOT 2069

A Regency mahogany twin pedestal dining table with single extra leaf, height 73cm, extended length 224cm, depth 118cm.

Estimate: £100 - £200

Condition Report

2069. The top has some overall old surface marks and indentations, but with a good colour and patina to both ends. The central leaf appears original, but without the same level of patina and colour. All four clips are present and there are typical surface knocks and scuffs to legs. There are no support rails and just rotating metal bars to support the leaf, and this does result in there being a slight dip when the leaf is in.
