Condition Report

2184. All four chairs have overall typical minor scuffs and scratches and one has an area of splashed watermarks to part of seat and back. All have some old historic scattered woodworm to seat rails and some overall light surface scuffs and wear to legs. One chair has a small crack to one rear leg and a re-spliced repair to top of other rear leg. One chair has thin crack to rear edge of seat rail and two repaired cracks to the top joints of both rear legs. Generally with the repairs and minor faults the chairs are still very presentable and still structurally sound.
